Financial Responsibility Form

U-Vet Animal Clinic LLC strives to provide quality medical and surgical care for your pet(s). In order to do this, we hire well-trained staff, provide continued education for our veterinary professionals, purchase and maintain medical equipment, and stock medications. In order for us to maintain veterinary excellence, it requires a financial investment. Financial decisions are a part of veterinary medicine so we want you to discuss your financial responsibilities to us so we can provide the best plan for your pet and for your budget.

Our financial policy is as follows:

- All professional fees are to be paid in full at the time of service.
- In admitting my pet(s) for diagnostics, treatment, or surgery, I authorize the veterinarians of the U-Vet Animal Clinic, and their support staff, to administer such treatment and/or perform such diagnostic or surgical procedures as deemed necessary.
- Estimate for charges will be given but there is NO guarantee or assurance that the price will not increase due to unforeseen circumstances related to your pet.
- I understand that a 10% deposit is required before surgical services are scheduled and performed. I assume full financial responsibility for all charges incurred by my pet. I realize that these charges may exceed a given estimate if complications arise. I understand that I will be contacted prior to treatment, *if possible*, should complications occur.
- I agree to pay all charges associated with a treatment plan deemed necessary by the attending veterinarian.
- I understand and agree that any charge which is **unpaid** will result in my pets no longer being treated and medications will not be filled by the veterinary staff until the bill is paid in full. After **three months**, if the account is still unpaid it will be sent to collections.

For your convenience we accept the following forms of payment:

- Cash
- Visa, Mastercard, Discover, AMEX
- Care Credit
- Scratch Pay
- Check
 - *A fee of \$20 is applied for any check returned for insufficient funds.*

Pet Insurance

As a pet owner, you may consider investing in pet insurance. Insurance can be valuable during those stressful times of unexpected illnesses and injuries. U-Vet Animal Clinic LLC does not endorse any one particular pet health insurance and there are many companies to choose from. Most pet insurance companies provide the pet owner with forms for **reimbursement** by the company. They do NOT directly pay the veterinary hospital.
